

OCC Unveils New Logo

The Office of Consumer Counsel has unveiled a new agency logo after several months of its creative development. Along with the new logo comes a new slogan: “Advocate-Educate-Serve.”

It is the hope of the OCC that a newfound recognition will be realized among Connecticut ratepayers and fellow state agencies with the addition of the new logo.

The OCC will continue its re-branding efforts over the next couple months with the completion of a new brochure and other materials.
